Finland's comments on EIA documentation the first nuclear power plant in Poland (Espoo Convention)

Finland received the EIA documentation on 16 September 2022 from Poland concerning the construction and operation of the first nuclear power plant as part of the application of articles 4 and 5 of the Espoo Convention¹. Poland wished that the public hearing on the provided material should last 8 weeks. Finland gave the opportunity for authorities and the public to provide comments from 7 October to 2 December 2022. Statements were received from the Ministry of Social Affairs and Health and the Radiation and Nuclear Safety Authority. These comments are enclosed to the letter. No comments were received from the public.

Finland thanks Poland for the clear process and considers the provided material adequate.

Juhani Damski
Permanent Secretary
