

AUTHORISED AND APPROVED BODIES UNDER THE ACT ON THE TYPE APPROVAL OF CERTAIN CONSTRUCTION PRODUCTS

I Decision (Authorisation and approval as a body, development of assessment criteria for verification certificates possible)

Authorised and approved bodies	Product group	AVCP PROCEDURE	Period of validity
Control Union Finland Oy			
	Wooden wall, ground floor, intermediate floor and roof elements	mechanical connectors AVCP 2+ and in load-bearing elements AVCP 1 assembled with glued joints	20 July 2028
	Tensile-stressed and glued steel beam or screw joints for wood structures	AVCP 1	20 July 2028
	Stair product systems	AVCP 2+	20 July 2028
	Ready-mix concrete	AVCP 2+	20 July 2028
	Load-bearing wooden assemblies assembled with mechanical joints (nail plate structures)	AVCP 2+	20 July 2028
	Wood-steel composite girders (Posi-Joist beams)	AVCP 2+	20 July 2028
Kiva Sertifiointi Oy			
	Reinforcements, steel wheel straightened by the steel manufacturing company or a secondary processor	AVCP 2+	25 October 2028
	Welded, energy transferring reinforcements	AVCP 2+	25 October 2028
	Ready-mix concrete	AVCP 2+	25 October 2028
	Liquid container elements, solid concrete tile elements and other solid concrete elements	AVCP 2+	25 October 2028
	Large concrete pipes and large inspection wells	AVCP 2+	25 October 2028
	Load-bearing concrete bar mould	AVCP 2+	25 October 2028
	Wooden wall, ground floor, intermediate floor and roof elements	mechanical connectors AVCP 2+ and in load-bearing elements AVCP 1 assembled with glued joints	25 October 2028
	Stair product systems	AVCP 2+	25 October 2028
	Wood-steel composite girders (Posi-Joist beams)	AVCP 2+	25 October 2028
	Load-bearing wooden assemblies assembled with mechanical joints (nail plate structures)	AVCP 2+	25 October 2028
Wood-concrete composite plates	AVCP 2+	25 October
